ELECTION OF WILSON APPEARS ALMOST FOREGONE CONCLUSION

President is Leading in California
and Minnesota, Either of
Which Will Elect Him

LACKS 10 OF COVETED 266

New Hampshire, New Mexico and
Oregon Enough With Califor-
nia and Minnesota

ALL FIVE STATES DOUBTFUL

Wilson's Lead in Minnesota Cut
From 9,000 to 7,000 in Last
Few Hours.

**WILSON'S ELECTION
SEEMS VERY PROBABLE**
The election of a president
hinged this afternoon on five
states with 37 doubtful votes.
Any one of two states or the
other three combined could
elect Wilson.
The latest available returns
give Wilson 256 electoral votes
and Hughes 238, with 266
necessary to elect. With a half
of the vote in Minnesota count-
ed at 2 p. m., Wilson is leading
by 9,000. Minnesota with its
twelve votes can elect Wilson.
With a little over half of the
vote in California counted
Wilson is leading by about
7,483. California's thirteen
votes would elect Wilson with-
out Minnesota. But if he
should lose Minnesota and
California both, there are still
Oregon, New Mexico and New
Hampshire, with twelve votes,
which would elect him.

BY PERRY ARNOLD
(U. P. Staff Correspondent.)
New York, Nov. 8.—President
Wilson was making steady gains
this afternoon in two states—Min-
nesota and California—carrying off
either one of which will make his
election certain.

Regarding these two as doubtful
with New Hampshire, New Mexico
and Oregon, United Press returns
showed Wilson to have already ac-
quired 256 votes in the electoral
college and Hughes 238. The presi-
dent, therefore, requires only ten
votes for re-election.

At Democratic headquarters the
president's managers regarded the
election as already won and began
preparations to celebrate. A band
was hired, Secretary McAdoo dis-
tributed brand new dimes as sou-
venirs and an impromptu parade
passed republican headquarters.

At two o'clock Senator Hollis of
New Hampshire informed Chairman
McCormick that unofficial but com-
plete returns gave that state to Wil-
son by 300 majority.

The republicans were conceding
nothing and sticking to their claims
of Hughes' election.

As goes the presidential election,
so will go control of the national
house of representatives, but
mighty slim control either way.

The next house will have a mem-
bership of three socialists—a gain
of 66 per cent. The three are Vic-
tor L. Berger of Wisconsin, a for-
mer congressman and the first social-
ist who ever sat in the halls of
congress; W. R. Taylor Gaylord,
also of Milwaukee and Meyer Lon-
don of New York.

A reunited republican party in

day and the result was a sweeping
republican victory resembling those

the county ticket was elected. The
pluralities ranged from 518 for Dr.
Lowell M. Green for coroner to
107 plurality for Albert Stevens,

ELECTED COURTS REPORTER

PREFER FIRE TO CHURCH.

(By United Press.)
Fargo, N. D., Nov. 7.—Prohibition North Dakota is on record today as being naughty North Dakota. It doesn't seem to be worrying Dakotans either. Judge J. A. Coffey, Jamestown, at the state Presbyterian synod openly asserted that if the church bell and fire bell rang at the same time, North Dakotans would go to the fire. Movie shows are not equipped with bells in Dakota, either.

POLICEMAN RESIGNS

The city council was in session last night long enough to allow the usual claims and accept the resignation of Policeman Ross Neary. The council had difficulty in getting a quorum on account of the election. No one has been engaged to take the place of Neary.

ELECTION OF WILSON IS ALMOST ASSURED

Wilson leads Hughes in Minnesota by 7,483.

This is a reduction of over 2,000 votes in Wilson's lead in 410 precincts. If the same loss continued on the vote yet unreported, it would be enough to give Hughes a slight plurality in the state.

When the vote in the 1,029 precincts first announced was reported, Wilson had a lead of nearly 9,000. That was at one o'clock. The vote stood: Wilson, 92,066; Hughes, 83,261.

The first report from 680 precincts gave Wilson a lead of 7,218, with the vote standing 72,587 to 69,369. The St. Paul Daily News, independent, predicts the president will carry the state by a close vote.

RUNS AHEAD IN CALIFORNIA

President Wilson Leads Hughes by Slightly More Than 9,000

(By United Press.)
Los Angeles, Cal., Nov. 8.—Partial and complete returns from 1,092 precincts in southern California gives Hughes 76,043 and Wilson 65,751.

San Francisco, Cal., Nov. 8.—Registrar of Elections Vanansky announced at 10:45 o'clock that on the face of the returns Wilson had carried San Francisco county by from 15,000 to 17,000.

Earlier in the day the democratic state chairman said that the president had been showing greater strength than anticipated in this county and that he believed if the president could carry San Francisco county by 20,000, his victory in the state is uncertain.

At 10:30 o'clock returns from 3,333 out of 5,580 precincts in California gave Wilson a plurality of slightly over 9,000 votes over Hughes. The totals were: Wilson, 250,259; Hughes, 241,079.

In a great many precincts the figures were not complete. The democratic state chairman at this hour reiterated its claim to California for Wilson but declined to estimate his plurality.

Republican State Chairman Rowell again claimed California for Hughes, but put the figures at 6,000 to 8,000. At ten o'clock last night Rowell claimed the state by 40,000 and at 2 a. m. reduced this estimate to 15,000.

DESK FARMERS DON'T LIKE TO MILK JERSEYS ON SUNDAY, THEY SAY.

(By United Press.)
Minneapolis, Minn., Nov. 8.—Ever since Monday there has been a terrible awful row at Minneapolis university's agricultural school over milking Prof. T. L. Haeckler's ten thoroughbred jersey cows on Sunday.

Desk farmers returning to the land via the sheepskin, balked on doing it. One of them said he came to the college to learn to be a better Christian. But the cows must be milked and the authorities have been asked to decide the wrangle once and for all by making a flat rule covering the point.

LEADS TAGGART IN STATE BY OVER 9,000 PLURALITY

Continued from Page 1.

496 for Hughes.
Returns from 1,671 precincts in the senatorial race gave Watson and New, republicans, good leads over Kern and Taggart, democrats. The results were:

Kern, 191,531; New, 204,475; Taggart, 193,000; Waston, 202,100.
The vote for governor in 1,717 precincts was: Adair 198,417; Goodrich, 210,700.

Indiana went into the Hughes column when Charles E. Hughes took a lead of about 9,000 over Wilson with returns from nearly two-thirds of the precincts.

The republican state ticket has been elected, according to the best figures by about 10,000 plurality.

Returns at ten o'clock gave the republican candidates for senator a lead of about 7,000.

CROWD SEES RETURNS

Crowds that thronged Main street for almost a half-square in each direction witnessed the election returns furnished last night by the local telephone company. The returns were flashed on a screen in front of the Masonic Temple. It was the first time a service of this kind was ever attempted here and it proved a great success. The warm weather made it possible for the crowd to remain throughout the evening. It was past midnight before the crowd dispersed.

Ben Stuttle of Andersonville was slightly hurt today when the auto he was driving collided with a machine driven by Charles Smelser. The accident occurred just south of the bridge in Main street. The Stuttle machine turned over twice but he was thrown clear of the wreckage.

prosecuting attorney.

Democrats who have held office here since 1912 were completely routed. The sheriff's office held by the democrats for two straight terms was redeemed to the republican, Ezekiel Jones winning over Charles Brown by a plurality of 219. The republicans elected two members of the board of commissioners and after January 1 all three members will be republican. John E. Harrison succeeded William

Moore by reason of defeating Cliff Winship. Harrison had a plurality of 246.

James E. Watson led Thomas Taggart in this county by 421 votes. Watson also ran slightly ahead of the balance of the state ticket.

One of the features of the election was the disappearance of the progressives showing that they have returned to the republican party. The majorities resembled those of years ago. The socialists cast their usual vote. The prohibitionists lost slightly over two years ago. Two years ago the high vote totalled 185 and yesterday this vote fell to 154. This is considered strange coming as it did closely following the visit of J. Frank Hanly, the presidential candidate for this party.

The election of the county ticket was assured early last evening except to the race between Perry O'Neal and Albert Stevens. The precincts reported early. The canvassing board was caught up with its work this morning by five o'clock and would have completed the official count in record time had the officers in charge of precinct No. 2 in Posey township followed the law and the instructions. The count was completed in this precinct at two o'clock this morning and instead of bringing the official vote to the canvassing board as soon as the count was completed the officers waited until the first traction car from Arlington this morning to bring them over. As a result this precinct was not tabulated until 7:30 o'clock this morning.

In the contest for governor in Rush county Goodrich received a total of 2,920 votes and Adair 2,520. Earl Moore, democratic candidate for clerk was defeated by George Moore by a vote of 2,536 to 2,941.

Considerable interest was shown in the contest for county auditor between William McMillin and Charles Bales. McMillin had a plurality of 273 receiving 2,876 votes to 2,603 for Bales. John O. Williams had a plurality of 351 over Cary Jackson in the race for county treasurer. Mr. Williams received 2,900 votes compared with 2,549 for Jackson. Catt for surveyor beat Dill by a plurality of 462.

IS ARRESTED FOR ILLEGAL VOTING

Charles Lineback, New York Entertainer Who Makes Home in Carthage, is Accused

IS ALLOWED TO VOTE FIRST

The only arrest to mar the election came yesterday at Carthage where Charles Lineback was charged with illegal voting. The charge was preferred by Clyde Henley, democratic challenger at precinct No. 2. Lineback, formerly a resident of New York, has lived in Carthage since the first of May and according to the law was entitled to vote. He registered in Carthage and yesterday when he went to vote was challenged. He voted anyway and was arrested after coming from the polls.

Lineback was turned over to the town marshal, who started to this city with him. While enroute here he met Sheriff Cavitt, who immediately saw that the proper proceedings were not being followed. Lineback was then taken back to Carthage and a charge placed again him in a justice of peace court. He immediately secured bond and the case has not been set for trial. Considerable feeling has been aroused in Carthage over the incident, many claiming that Henley had no case against Lineback. Mr. Lineback is a noted traveler and lecturer and makes his home in Carthage. He lived in Carthage up to the time of taking up his profession.

COMSTOCK IS VICTOR IN 6TH

Continued from Page 1.

Congressman Finly Gray, Comstock's opponent, in 1914 was 3,563. With 211 out of 222 precincts in all but Franklin county heard from, Comstock has a plurality of 1,552. The estimated democratic plurality in Franklin is 650 cutting Comstock's lead to 902.

Comstock carried Wayne, Rush, Henry, Union and Fayette by substantial pluralities and Gray ran ahead in the democratic strongholds of Shelby, Hancock and Franklin counties.

Comstock's vote in Rush county, according to the official tabulation, was 2,930 as against 2,581 for Gray, giving the republican candidate a plurality of 349.

The eleven precincts in Union county (complete) gave a plurality of 139 votes to Comstock.

With 61 out of the 64 precincts in Wayne county counted, Comstock has a plurality of 1,322.

In Henry county, with 25 out of 27 precincts in, Comstock has a plurality over Gray of 714.

Fayette county, with the 11 precincts all in, gave Comstock a lead of 212 over Gray.

With 39 precincts in and 4 still to be reported, the democratic nominee has a plurality of 590 votes, which will probably reach 650 in Shelby county.

In Hancock county, 26 out of the 27 precincts give Comstock a plurality of 603, which will probably go to 650, over the democratic nominee.

The estimate on Franklin county is that Gray carried it by 650, but the official returns were not expected to be in today.

This is the season of the year when many people instead of starting their furnaces use gas stoves to take off the chill. Not infrequently they use rubber connections and in the majority of cases the stoves are not connected with a flue.

Such an arrangement is dangerous in the extreme. Every year many deaths are reported as a result of just such conditions. Coal gas or water gas contains a large percentage of carbon monoxide and this having little or no perceptible odor may be present without being noticed. There is no warning and unless material having an odor is added to the gas, the victim becomes

NURSE RELIEVES MUCH SUFFERING

The Patient She Helped Makes Interesting Statement.

Madison, Wis.—Mrs. Oscar Day, of 1606 Monona Ave., Fair Oaks, this town, says: "Before my baby was born, I suffered terribly with womanly troubles and nervousness, and was living in a state of fear all the time."

One day, an old friend of mine, who, by the way, is a nurse, and goes around to all cases, brought me a bottle of Cardui, the woman's tonic, and told me to keep on taking it right along. I did, and felt much better after the first bottle. I kept on taking it, and had a little trouble as anybody could wish for. Feeling very good now.

There never was a better medicine for women than Cardui, and I will recommend it to any one who is in need of it. This nurse uses Cardui with her patients, so it is well known all around here.

I am never without a bottle of Cardui in my home."

We urge you to try Cardui, the woman's tonic, for your troubles. It will help you over the hard places, just as it has thousands of other women.

Don't delay. Begin taking Cardui today. You won't regret it. NCB5

A Model Community.

Down among the mountains of Tennessee, high on the Cumberland Table lands, lies the little town of Clifty. It is just a little mining town, peopled by a hardy, industrious set of people, but it is showing to the world how neighbors and friends may "dwell together in unity."

We have said that it is a mining town, but it is more; that the people are hardy and industrious, but they are more; they have the true community spirit—they are real NEIGHBORS.

This little town has conceived and put into force some community plans that might well be copied by other towns. Of course almost every family in the town owns and cultivates its own garden and "truck" patches, but this is not all. A few years ago the mine superintendent, a man of considerable learning and of a progressive spirit, conceived the plan of having all the citizens of the town own and cultivate a small tract of land in common. Five or six acres were first bought and cultivated as a "community farm." The result was a pronounced success and each year hereafter the town added to its holdings until this past season it had about one hundred acres under cultivation on the "community" plan, and the people announce their intention of branching out still further.

Now there would be nothing out of the common in this if the experiment had not developed some gratifying results.

First, they discovered that instead of fifteen or twenty families (about the number interested in the "community") each having to own and maintain a team, three or four teams were amply sufficient.

Again they discovered that instead of fifteen or twenty sets of agricultural implements being needed, only three or four of each kind were necessary, and of some, only one—a great saving all must admit. Each stockholder bears his pro rata share of expense and furnishes his pro rata amount of labor.

Briefly, the plan has proven such a success that the community now has its own silo, blooded hogs and cattle, and last year their exhibits led all others at their county fair.

But these are not all of the results. The close business association necessary in the successful working out of the plans has developed a spirit of community brotherhood that is a pleasure to witness. In this little town is exemplified a typical brotherhood of man. The welfare and comfort of the most humble is as carefully looked after as that of the most wealthy. They have a splendid school, church, Sunday school and recently a commodious club house has been erected that is proving a power for good to both young men and older ones.

We have briefly sketched the results of this community plan of co-operation as showing what a true community spirit will accomplish. Many features of interest have necessarily been omitted from lack of space. But should any other community desire to know more of their workings, a letter addressed to the postmaster will receive prompt and courteous answer and full information will be given of plans that can not fail to benefit any community.

A great many people fondly imagine that if they are honest, pay their debts, and do not speak disparagingly of other people they are among the mainstays of the town. But such is not always the case. Honesty and a careful mouth are much to be commended, but this town needs more than that. It needs citizens who will go out of their way to DO SOMETHING for the town, who will labor to better local conditions, who will go their

NEWS SERVICE BADLY NEEDED

Papers in Venezuela Publish All Kinds of Rumors Coming From This Country.

ONE ABOUT NEGRO REBELLION

United States Minister, Recently Back From There, Tells of Tales Published.

Washington, Nov. 7.—Many American citizens in Venezuela some months ago received the shock of their lives. They read the news that the late Booker T. Washington was leading a negro rebellion against the U. S. government—that he was even then passing through Richmond, Va., en route to Washington, at the head of an army of 30,000 men.

Americans, after the first shock, recollected the quality of the U. S. "news" received in Venezuela and dismissed the story with a smile. In the same manner they disposed of the report, a week after the Chicago convention, that both had nominated a man named J. M. McGurk for president.

Preston McGoodwin, United States Minister to Venezuela, returning to his post after a vacation here related the incidents in discussing steps necessary to better the understanding between this country and the Latin-American nations.

"News facilities must be improved," he said. "News is the big thing that is going to bring the two continents together for proper political and commercial relations."

"News of the passage of the Adamson 8-hour law and the prevention of the great railway strike had not reached Venezuela Sept. 4, when I left there, and exporters fearful of having their products tied up in American ports, were not shipping their goods."

"The step taken by the United Press in establishing a real exchange of news between North and South America is one that should earn the congratulation of thinking people in every country in this hemisphere. We need to know about South America as badly as South America needs to know about us. The average American has got his views of South America from novels, the movies and tales of comic opera revolution."

He knows nothing of the people themselves.

"All this ignorance can be broken down by good news service, bringing the life of each nation to the other's doorstep each day."

CANDIDATES WANT DUTY OFF WHEAT

Demands Made to Council of Agriculture For Lower Duty Also on Food Stuffs.

NEW PARTY MAY BE FORMED

(By United Press.)

Winnipeg, Man., Nov. 8.—Abolition of duties on wheat crossing the United States Border from Canada, and a lower duty on food stuffs going into the United States, are demanded by the Canadian Council of Agriculture, which opened a three days session here today.

Possibility of forming a farmers' political party will be discussed during the convention, R. McKenzie, secretary of the association, said today.

Such a party would be modeled after the Non Partisan league of North Dakota, which recently swept the state in the Dakota primary. The Dakota league seeks government control of elevators and abolition of speculation in wheat.

An economic unrest in Canada's rural districts is spreading to the towns, and must be met, McKenzie said.

FLOUR WEEK TO BE NOV. 20 TO 25

Indiana Millers' Association Designates Week Before Thanksgiving as State Flour Week.

AN APPEAL TO THE WOMEN

They Will be Asked to Use Hoosier Product to See if Claims For it Are Not Well Founded.

In connection with the special advertising in behalf of Indiana Flour, the Indiana Millers' Association has formally designated the week of November 20 to 25, immediately preceding Thanksgiving, as Indiana Flour week.

Although the movement originated with the Committee in charge of the special campaign in behalf of Indiana Flour guaranteed under the now famous "Know Your Flour—Made in Indiana" label, the celebration of Indiana Flour week is not to be limited to the mills that are licensed to use the label but every mill in the State has been invited to co-operate with the special campaign to secure a State-wide observance of Indiana Flour Week.

The mills will observe Indiana Flour Week by special advertising window displays, baking contests, public demonstrations, etc. Women of the state will be urged to try Indiana Flour during Indiana Flour Week and demonstrate for themselves whether it is true that Indiana Flour is equal to any flour for bread and has superior qualities for cakes, pastries, etc.

The bakeries that use Indiana Flour will co-operate with the millers by advertisements of the fact that they use Indiana Flour and they will urge those, who for any reason, do not wish to bake in their own homes, to observe Indiana Flour Week by using their bread, cakes and pastries that have been made with Indiana Flour.

Whether the baking be done in the home or in the public bakery, the women of Indiana will be urged to use Indiana Flour products in celebration of Indiana Flour Week.

ARE INSPECTING STORAGE PLANTS

Pure Food and Drug Department Starts Out Inspectors to Make Investigation.

ALL MUST HAVE A LICENSE

(By United Press.) Indianapolis, Ind., Nov. 8.—Inspectors are touring Indiana today investigating the conditions in cold storage plants over the state under the supervision of Dr. Harry E. Barnard, pure food and drug commissioner.

Following the investigation, a thorough report will be made on the findings, giving in detail the appearances of the buildings; habits of employees and their appearances; and the condition of food stored.

It will also be determined how much food has been stored in each warehouse since Jan. 1, 1916.

There are about fifty licensed cold storage plants operating in Indiana. Any plants found by inspectors to be operating without a license, will be closed if they do not come up to the sanitary requirements; if they do, a license will be granted.

ANNUAL CLASH COMES SATURDAY

DePauw and Wabash Play For Title at Washington Park, Indianapolis.

BOTH TEAMS EXPECT BATTLE

Methodists Seek Revenge For Defeat of Last Year—Scarlet Out to Fight.

Indianapolis, Nov. 8.—One of the hardest-fought and best-played football games in Indiana this year will be the annual clash between DePauw and Wabash at Washington Park in this city, next Saturday, Nov. 11.

These two teams will be spurred to their best efforts by a rivalry of 26 years, but, in addition, they will be playing for the championship of the Indiana College Conference, and will make the supreme effort of the year for a victory.

DePauw and Wabash have gone through the season in fine shape each winning every game in its class. Wabash has defeated Hanover, Earlham, Butler and Rose Poly by decisive scores. DePauw has won easily from Franklin, Rose Poly, Butler and Hanover. Therefore the title rests clearly with the winner of the DePauw-Wabash clash next Saturday.

It is expected that fully 10,000 people will see the game. Special trains will be run from Crawfordsville and Greencastle to accommodate the student bodies and the townspeople. The interurbans are expected to bring in a great crowd of friends of both institutions from out in the State.

Last year DePauw lost to Wabash at Washington Park. This year the Old Gold is out to get revenge and among those who have followed the teams record there is a strong belief that the Greencastle team will come out on top. With a new coach and a new spirit, DePauw has developed a real fighting machine. Outside of the Indiana and Purdue games, no other team has been able to score a touch-down on DePauw this year. Wabash has begun to hit its stride and, with a nucleus of last years great team to build around, Coach Sheets has again developed a team that all Wabash partisans believe will prove the undoing of the Methodists.

In any event it will be a great fight for the championship. There will be real rooting, bands and drum corps and a battle that will be worth going miles to see. The game will be called at 2:30.

FRENCH CULTURE IS IMPORTANT

Difference Between it and That of Germans to be Shown by M. Jules Bois, French Envoy

IS SENT TO UNITED STATES

Will Deliver Lectures at All Universities of East and Will Later Speak in West

BY GEORGE MARTIN (U. P. Staff Correspondent.)

New York, N. Y., Nov. 8.—A poult on the French front not long ago told President Poincaré that when the Allies have pushed the Teutons back to the Rhine they will "give the German people a republic."

In the East today is a very husky very earnest, very intense Frenchman with a close-cropped Van Dyke beard who is preparing to travel all over the United States and explain that remark.

M. Jules Bois, the man, is a special envoy of the French government to the United States. His task is to explain the difference, as he sees it, between French and German culture. He said today that the poult's remark was the result of his mental schooling in French culture—"a feminine culture based on love, not a masculine culture based on conquest."

"The teaching of French culture is as important a part of the training of fighting men in the armories of France," said M. Bois, "as is the military drill. I do not know that this is true in your United States, but it might be well."

"The poult's remark epitomized the spirit of French culture. Along with his bayonet and gun he got the idea that he could not use either in attack, but only in honorable defense."

"French culture is a culture for the women, the children and the weak as much as it is for the strong man."

"Every Frenchman who falls upon the battlefields of Europe dies that the ideal of individuality in nations may endure."

Between now and January 1, M. Bois will deliver addresses at all the large universities in the east. After the first of the year a tour of the west, beginning at New Orleans, will be made by him.

LIBRARY TRUSTEES MEET

Joint Meeting Opens in Indianapolis—Several Addresses.

(By United Press.)

Indianapolis, Ind., Nov. 8.—The joint meeting of the Indiana Library Trustees association and the Indiana Library association opened here today.

E. J. Llewellyn of Mount Vernon, president of the trustee's association, opened the convention with his annual address this afternoon. Miss Margaret M. Colerick, Ft. Wayne; will open this evening's meeting of the Library association. Vachel Lindsay, tramp poet, will speak on "Photo Plays."

AN AGED WOMAN

Tells How Vinol Made Her Strong

In her eighty-second year Mrs. John Wickersham, of Russellville, Pa., says: "I was in a run-down feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining in flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened run-down system and create strength. Social Calendar

Thursday -

Informal dance in K. of P. hall beginning at 8:30. Music by Mitchell orchestra.

Woman's Home Missionary society of the St. Paul's M. E. church, with Mrs. Albert Winship, at 602 North Main street in the afternoon.

Ladies Aid society of the St. Mary's Catholic church, with Mrs. Ed Bishop at 710 North Sexton street. Assisting hostess, Mrs. Charles Caron.

Card Club, with Mrs. Jack Knecht at 221 North Harrison street in the afternoon.

The party to be given for the children of the First Presbyterian church on Saturday afternoon has been postponed on account of the measles epidemic.

Earl B. Marlatt will give a lecture-recital tomorrow evening on "Modern Poetry" before the Departmental Club of Indianapolis. The open meeting will be held in the Propylaeum.

Mr. and Mrs. Raymond Gartin entertained the following at a splendid dinner Sunday, Mr. and Mrs. Minor Bell and daughter, Janette, Mr. and Mrs. John Gartin and family and Mr. and Mrs. Omer Gartin.

A good attendance marked the meeting of the Ladies Aid society of the United Presbyterian church held with Mrs. John Cowan at her home in North Jackson street yesterday afternoon. A social period and business meeting kept the ladies busy during the afternoon. Dainty refreshments were served.

While awaiting election returns, a company gathered at the home of Mr. and Mrs. Glen Moor in East Sixth street last evening. Refreshments were served during the evening and the guests included Mr. and Mrs. N. R. Farlow and son, and Mr. and Mrs. Tom Bird and daughter, aside from the members of the family.

Mr. and Mrs. G. D. Hackleman entertained the following guests at an elaborate turkey dinner yesterday at their home in Bentonville: Mr. and Mrs. E. H. Hackleman of Falmouth, Mr. and Mrs. J. W. Hackleman of Fairview, and Mr. and Mrs. Carl Hackleman and Miss Katherine Kehl of this city—(Connersville Examiner.)

The members of the Embroidery Club were pleasantly entertained yesterday afternoon by the Misses Elizabeth and Florene Gronier at their home in North Main street. The social afternoon together was followed by a dinner, for which the ten guests were seated at the dining table which had been prettily arranged. The next regular club meeting will be with Mrs. John Tinsworth.

Pretty bouquets of chrysanthemums brightened the rooms of the home of Mrs. Laura Philips when she entertained the members of the W. R. C. Penny Social yesterday afternoon. The 20 members present and 3 visitors entered immediately into the congeniality of the afternoon. A tempting two course luncheon was served. In entertaining the hostess was assisted by Mrs. Eva Offutt, Mrs. Phoebe Philips, and Mrs. Matilda Worth.

The next meeting will be held the first Tuesday in December with Mrs. Sarah Pearsey when the assisting hostesses will be Mrs. Minnie Moore and Mrs. Mary Wilson.

There was an excellent attendance at the meeting of the Ladies Aid society of the St. Paul's M. E. church held with Mrs. Lon H. Havens at her home in North Main street yesterday afternoon when she was graciously assisted by Mrs. George Havens and Mrs. Emma Havens. The greater part of the business session was given over to the discussion of the penny supper to be held in the church on Wednesday evening of next week. It is to be given by the 1st division of the society. Miss Elgie Thomas and Mrs. D. D. VanOsdol were taken in as new members of the society. Pink and white was carried out in the dainty refreshments that were served.

No day in the year offers an excuse for a more lively and exciting party than election. A great many crowds took advantage of the general flurry of excitement and planned gatherings last evening while awaiting the returns from the election. Right in the center of the crowds, the company of friends gathering in the dress making shop of Mrs. Lola Havens last evening were fortunate. At about 10 o'clock, a luncheon was served and the guests had a gay time during the remainder of the evening. In the party were Mr. and Mrs. Fred Brown, Mrs. Ollie Brown, Mr. and Mrs. Fred Cochran, Mr. and Mrs. Frank Flint, Mr. and Mrs. John Walker, Mr. and Mrs. Will Trennepohl, Mrs. Ed Pitman, Mr. and Mrs. John Worthington, Abe Elrod, Mr. and Mrs. Noley Newkirk, Mrs. Ethel Harroll, Mr. and Mrs. Havens and Mrs. Lula Weeks.

There are two culinary horrors—hard, dry, horny scrambled eggs and wet, mushy scrambled, scrambled eggs! But what can be better for supper or luncheon or breakfast than a steaming hot dish of well-seasoned and properly cooked eggs. It is a pleasure both to her who serves and him who eats.

SECRET OF COOKING EGGS IN ANY FORM IS THE TEMPERATURE

Is there a secret in doing it? Yes the same secret that there is in the cooking of eggs in any form—the secret of temperature.

Let a tablespoonful of butter melt in a skillet (if the pan be of iron so much the better.) The pan must be very hot, because the eggs, and milk just out of the ice-box are cold. When the butter sizzles and before it burns it is time to pour in the egg mixture.

The eggs, usually one for each person to be served, have been beaten thoroughly, almost as though they were to have been used for an omelet. A tablespoonful of milk is added for each egg, and a tablespoonful of chopped parsley. If the family object to parsley, spring a surprise some morning and try spearmint chopped fine. The combination of flavor is delicious. There is another flavor much enjoyed by some. It is the flavor of tarragon.

But even now, having been tactfully seasoned, the eggs may be ruined in the cooking! Let the heat beneath the frying pan be moderate but of a degree that will cause the water to be changed to steam. This will puff up the albumen—meanwhile the heat will coagulate it, and unless the temperature is lowered immediately, the result will be curds and whey! This is invariably caused by too much heat.

Now the usual procedure is to take a kitchen spoon in a tightly clenched fist and stir to produce the scrambled effect! Don't do it! Use your most skilful and gentle touch. Lift the cooked part in large pieces, and let the uncooked liquid part run to the bottom of the pan. Continue this lifting and shifting until the mass is thoroughly heated through and is neither wet nor dry. Remove the eggs carefully to a hot platter, garnish with small sprigs of green, and present immediately to the head of the house.

Confectioner's Icing.

2 tablespoonfuls cream or boiling water, confectioner's sugar, flavoring.

To liquid add enough confectioner's sugar to make of right consistency to spread. Add flavoring. Fresh fruit juice may be used in place of boiling water.

HOWARD BARRETT LOSES TO DOBYNS

Rushville Man is Defeated by Republican Candidate in Joint Senatorial Race

CARRIES ONLY ONE COUNTY

From unofficial figures Lem P. Dobyns of Greensburg, republican, was winner over Howard E. Barrett of this city, democrat, in the contest for the joint senatorship from the counties of Rush, Decatur and Hancock counties. According to figures given out in Greensburg this afternoon, Mr. Dobyns was elected by a majority of 418.

Dobyns carried Rush county by 410 and Decatur county by 378. Barrett carried Hancock county by 379. Decatur county swung back into the republican column yesterday and by giving Dobyns a substantial majority enabled him to win. The total vote on the contest is not available except in Rush county which was as follows: Dobyns 2,933; Barrett 2,523.

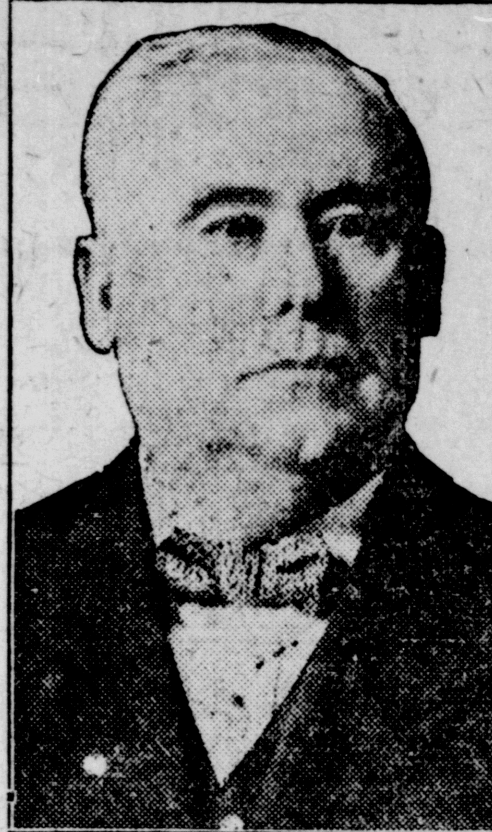

Two years ago while this district was composed of Hancock, Fayette and Rush, Edward Eikman, democrat carried it by 756 votes.

THE DRINKING OF WATER

THE DRINKING OF WATER

(By M. C. LUCAS, M. D.)

The general conclusions of the latest medical scientists proves that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has also been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Therefore if you want to keep healthy drink plenty of pure water (not ice water.) If you ever suffer from backache, lumbago, rheumatism or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anurie before meals. These Anurie tablets can be obtained at almost any drug store in this country.

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood

is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anurie. Because of uric acid in over-abundance in the system, backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica result. Anurie is more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. —(Adv.)

MAY CHANGE TO DIFFERENT FORM

Buenos Aires Considering Going to Commission Form of Government if Bill Passes.

TIRED OF PRESENT SYSTEM

Would Have Municipal Council Elected by the People—Would be Radical Change.

BY CHARLES P. STEWART.
(U. P. Staff Correspondent.)
Buenos Aires, Argentina, Oct. 20. (By Mail)—A proposition is before the Argentine congress to change the Buenos Aires form of government.

Hitherto the city has had a commission government like Washington. The people are tired, however, of having their affairs regulated for them by outsiders. They point out that this management has resulted in piling up one of the largest municipal debts, considering the community's size, in the world. It is also remarked that the attempt to economize, by the unauthorized withholding of percentages of the city employees wage, is resulting in a tire-some series of strikes by the scavengers, grave diggers and other classes of city workers.

The situation is also more irritating from a numerical standpoint than the one in Washington, where a national population of about 100,000,000 dictates arbitrarily to a city of about 350,000, while in Argentina, a total population of approximately 7,000,000 makes local regulations for a capital with a population exceeding 1,500,000.

The new plan, if adopted, will abolish the existing commission in favor of a municipal council, to be elected by the citizens.

A unique feature of the proposal is that it confers the municipal franchise upon foreigners more than 18 years old who have lived in Buenos Aires more than two years if they are married to Argentine women, are parents of Argentine children or pay taxes to a specified amount. The plan even makes them eligible to councillorship above the age of 25.

Furthermore, following the example of the national election law, the idea is to make the exercise of the franchise obligatory.

There is considerable criticism of this clause, disregard of the national compulsory voting law, which provides a penalty of ten pesos or a term of imprisonment upon eligibles who neglect to cast their ballots, having proved so general that the jails would not have held the offenders if they had been prosecuted.

HONEYMOON IS BEING DELAYED

Marriage by Telephone of Soldier on Border and Indiana Girl Has its Drawbacks.

DID NOT POSTPONE EVENT

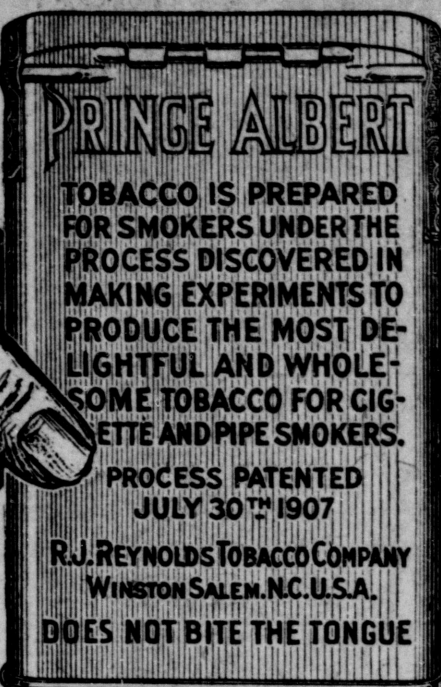

Seymour, Ind., Nov. 8.—Mrs. Harry Stradley is waiting for her husband to come marching home from the border so they can start on their honeymoon.

Almost a year ago Mrs. Stradley, formerly Miss Elnora Beickman and Harry Stradley had planned to be married in the autumn but when the National Guard was sent to the border, Stradley went with Company K.

As the time set for the wedding drew near and the troops were not sent back from the border, the couple made arrangements to be married over the telephone.

Stradley, with a lawyer as a witness, stepped into a telephone booth at Llano Grande and Miss Beickman and the Rev. Ernest H. Eggers were in the line at Seymour, while the ceremony was performed.

SOUND OF DEATH KNEEL GLASS MILK BOTTLE

Pennsylvania Health Commission Does Not Like Dangers of Infection That Lurk in it.

RULING IS EXPECTED SOON

(By United Press.)
Harrisburg, Pa., Nov. 8.—The death knell of the glass milk bottle in Pennsylvania has been sounded.

Dr. Samuel G. Dixon, the state commissioner of health, says that "it will have to give way in the near future to the destructible bottle that will never be used a second time.

This is taken to mean that within a few weeks the health department advisory board will rule that the glass milk bottle must go.

Such rulings have all the efforts of statute law.

Commissioner Dixon doesn't like the danger of infection through the promiscuous distribution and gathering of bottles, no matter how cleanly the dairy or creamery may be.

**DRINK HOT TEA
FOR A BAD COLD**

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**RUB BACKACHE AND
LUMBAGO RIGHT OUT**

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

**TWO BIG TEAMS
HAVE IMPROVED**

Yale and Princeton Come Out of Kinks This Season—Harvard Slightly Weaker

OTHER GOOD TEAMS IN EAST

Cornell, Brown and Colgate Loom up Large This Season, Making Other Teams Hustle

BY HAMILTON
(U. P. Staff Correspondent.)

New York, Nov. 8.—Yale, Harvard and Princeton are not the only colleges in the east which have football teams, even if the majority of experts the country over do apparently have that opinion. Cornell, Brown, Colgate, and several other colleges are forever butting into the triumvirate and musing things up.

But Yale, Harvard and Princeton consistently have good, strong football teams and they constitute the par excellence of the sport around these parts. The annual clashes of the teams are red letter days on the sports calendar and from the time the final games ring the curtain down football fans are one the trail of these three elevens.

Harvard has held the upper hand for several years, largely through the expert advice of one Percy Haughton, who has put more life and fire and pep into the Crimson eleven than it ever believed it could possess.

But this year seems to be the start of an ascendant of the stars at Princeton and Yale. Yale is getting off to a mighty good start under the tutelage of Tad Jones, and Princeton, in spite of Speedy Rush's loud wails of anguish, is giving a good account of itself.

Yale has a fine backfield in Legore, Bingham and Jacques, and a fine field general to help this trio along in Traver Smith.

Princeton has a good backfield trio, with a fair quarterback in Jack Eddy to help them along. A remarkably good second string quarter is found in Ames. Tibbott is as good a kicker as the east has turned up so far this year.

Harvard, on the other hand, does not seem so strong as in recent previous years when she was wont to walk roughshod over Yale's cohorts. There are no Mahans nor Brickleys. But Haughton has a penchant for rising to emergencies and by the time his big game are due he probably will have a much stronger team in the field than he is now credited with.

Washington, Nov. 8.—One hundred thirty-six miles of the new government Alaskan railroad to connect Seward with Fairbanks—a distance of 466 miles—is now in operation with daily trains running. On the 136 miles, 71 comprise the old Alaskan-Northern railway line, which has been repaired and again put in operation. Sixty-five miles is entirely new.

The Old Alaskan-Northern line ran from Seward to Kern Creek, and was built in 1904—falling into practical disuse during 1908. The new section connects the town of Anchorage, on Cook Inlet, with Matanuska Junction, where a branch line 29 miles long has been run to the Matanuska coal fields. Coal is now being daily hauled from these

The next link in the road—which is not expected to be cut clear through until the Fall of 1919—will be the connecting section between Kern Creek to Anchorage, which, it is hoped by the Government engineers, will be completed next year.

Work is also progressing in the vicinity of Fairbanks where rush work is being done to connect up the town with the adjacent Menana coal field—Fairbanks now facing a fuel shortage.

The estimated cost of the construction of the 466 miles of the main line (including the branch to the Matanuska coal fields) is \$25,642,000. Of this sum \$11,000,000 will have been expended up to the

close of the present fiscal year.

A force of 4000 men is employed on the road, and is considered adequate to complete the line.

Work will progress throughout the winter.

Indianapolis, Ind., Nov. 8.—Election bets are being paid off today. KING GEORGE WASHES FACE

South Bend, Ind., Nov. 7.—

Dr. A. P. Gamack, formerly a physician and surgeon of this city, who is now with the royal army medical corps in England, wrote to friends here telling them how he found out that King George washes his face every day.

The ruler was scheduled to visit the hospital where the physician was working on a certain day. Dr. Gamack happened to look out the window and seeing it was raining remarked to his companion; "If Georgius Rex has-n't had his face washed since he was a kid, he will get it cleaned to-day."

Just then he turned around and saw the king standing beside him. "I assure you, sir, I wash my face once a day and sometime more often," said the king smiling.

ZEPPELIN BASES ARE ENDANGERED

Those in Belgium and Germany, From Which Raids Have Been Made, Would Become Useless.

SOMME DRIVE IS THE CAUSE

Allies May be Able to Reach Hangars if Wedge is Driven Farther Into Enemy's Line.

BY WILBUR S. FORREST.
(U. P. Staff Correspondent.)
London, Nov. 8.—The great Anglo-French offensive on the Somme in Northern France today has direct bearing on future Zeppelin raids on England.

This hint was given to the United Press today by a British official in a position to know.

If the Anglo-French forces on the Somme drive a wider and deeper wedge into the German line, the entire line must eventually fall back to straighten itself. This would mean that the Allied aerial bases in northern France would also move forward. The natural sequence is that German military and aviation bases both in Belgium and across the Rhine, become from a strategic and military point of view, more legitimate objectives for Allied air squadrons. Hitherto, Allied air forces have been able to make long distance raids, but not heavy ones.

The great Zeppelin hangars in Belgium, including those now under construction and those in Germany from which the present raiding Zeppelins operate, will become practically useless to Germany.

According to expert opinion here it is not illogical to believe that these hangars and their contents, under such conditions, would be a total loss unless the Germans move them to safer places. Safer places in this instance would mean far into the interior of Germany. Thus all present calculations concerning the Zeppelin radius of action, atmospheric conditions and other scientific problems of Zeppelin raids on England would have to be made over again. Even the radius of the great super-Zeppelins would be seriously cut down and the smaller type of airship probably would become wholly useless so far as straining England is concerned.

A recent British communique, detailing a raid by eighty aeroplanes carrying tons of high explosives, gives a further hint of the force which the allies can put into use against Zeppelin lairs within a safe radius of a readjusted Western front.

NURSES GO ON A STRIKE AND LOSE

But it Happens That They Are Men and They Objected to Working Alongside Women.

VOLUNTEERS COME TO AID

(By United Press.)
Buenos Aires, Oct. 15.—(By Mail) —The city authorities today believe they have beaten the strike of nurses in the Buenos Aires municipal hospitals.

The walkout resulted from the attempt to substitute women for men nurses. It was contended that the former were better than the latter who were gradually being replaced as women were graduated from the local school for nurses. In an effort to compel abandonment of their system, the men nurses struck, leaving 4,645 patients temporarily uncared for.

Sisters of Charity, medical students and other volunteers rallied to the aid of women nurses already in the service and now the city officials say the change from men to women nurses has been made for good, though they were forced to affect it sooner than they had originally intended.

THE WONDERFUL new system of hot air heating that brings the comfort and convenience of a furnace-heated home within everyone's reach will be demonstrated and thoroughly explained by an expert from the Estate Stove Factory at—

Gunn Haydon's
Saturday, November 11th

Estate Hot Storm

—the Stove with a "Little Furnace" in it

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For its interior is utterly different from any stove you have seen—inside it is built like a hot air furnace.

TENER ADMITS LEAGUE IS WEAK

States That His Organization Does Not Put up as Snappy Ball as American.

THE BEST CLUB DID NOT WIN

He Does Not Blame Robinson For Loss of Series But Puts Responsibilities on Players.

BY HAMILTON.
(U. P. Staff Correspondent.)

New York, Nov. 8.—The weakness of the National League brand of baseball as compared with the snappy brand dished out by the American League, pointed out by the United Press in the last World Series, was admitted today by Gov. John K. Tener, President of the National League.

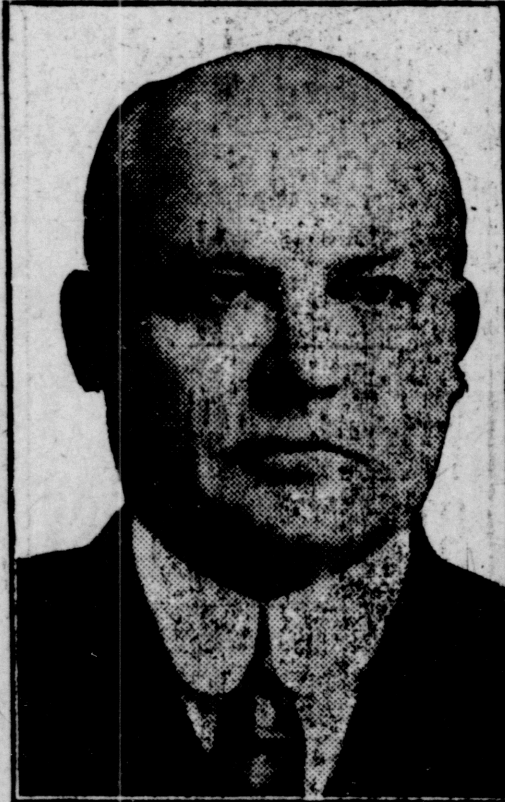

It isn't Wilbert Robinson who is so much to blame for the loss of the World Series, according to Gov. Tener, but is due to the fact that the players who made up the National League club were wholly unable to do the things which might have won ball games. It would have been useless, Tener contends, for Robinson to follow tactics other than the ones he did follow.

The fielding, Governor Tener agrees, was something awful and the Brooklyn club never had a chance against such a grand organization as the Red Sox.

Tener, however, is extremely optimistic and he believes that before the time comes for another world series his league will be strengthened to such an extent that it will give its rival opposition of the sternest sort. Work is now being done, he declares, which will give the National League undoubted strength.

The National League pretty agreed that there were several clubs in the National League at the close of the last playing season which would have given the world series fans a better run for their money than did the Dodgers. He didn't name these clubs, but it was evident he does not believe the best club in the National League won the pennant.

Reports from Every State

All Agree that Lydia E. Pinkham's Vegetable Compound Wonderfully Relieves Woman's Suffering.

From all parts of this country the clearest evidence is constantly coming to the office of the Lydia E. Pinkham Medicine Co. of Lynn, Mass., proving the wonderful power shown by Lydia E. Pinkham's Vegetable Compound in controlling ills peculiar to women. Here are letters from Vermont, Arkansas and New Jersey:

It Cured Me!

Roxbury, Vt.—“A year ago last December I was taken with a female trouble and doctored for it but did not get any help until I took Lydia E. Pinkham's Vegetable Compound. My back troubled me a good deal and these troubles lasted so long that I grew terribly poor and I felt a great deal easier lying down. No one knows what I suffered. I did not dare consult another doctor I was so afraid he would say I had got to have an operation. I can truly say that Lydia E. Pinkham's Vegetable Compound was a god-send to me for after suffering about eight months this wonderful medicine cured me.”—Mrs. NELLIE E. FRENCH.

Her Best Friend.

Weehawken, N. J.—“I must call you my best friend for what your remedies have done for me. I am 50, and am passing through the Change of Life and for some time I felt bad but since I took Lydia E. Pinkham's Vegetable Compound I feel fine and will recommend it to every woman who suffers as I did.”—Mrs. KATHIE LEONHARDT, 419 7th St., Weehawken, N. J.

Had Awful Pains in Side.

Branch, Ark.—“Every month I suffered with cramping pains and I had awful pains in my left side. I was very irregular. I had a tired feeling all the time and did not sleep good at night. I took Lydia E. Pinkham's Vegetable Compound and in three months I was well.”—Mrs. MAE GATTIS, Branch, Ark.

ELECTION OF WILSON APPEARS ALMOST FOREGONE CONCLUSION

President is Leading in California
and Minnesota, Either of
Which Will Elect Him

LACKS 10 OF COVETED 266

New Hampshire, New Mexico and
Oregon Enough With Califor-
nia and Minnesota

ALL FIVE STATES DOUBTFUL

Wilson's Lead in Minnesota Cut
From 9,000 To 7,000 in Last
Few Hours.

WILSON'S ELECTION SEEMS VERY PROBABLE

The election of a president
hinged this afternoon on five
states with 37 doubtful votes.
Any one of two states or the
other three combined could
elect Wilson.
The latest available returns
give Wilson 256 electoral votes
and Hughes 238, with 266
necessary to elect. With a half
of the vote in Minnesota count-
ed at 2 p. m., Wilson is leading
by 9,000. Minnesota with its
twelve votes can elect Wilson.
With a little over half of the
vote in California counted
Wilson is leading by about
7,483. California's thirteen
votes would elect Wilson with-
out Minnesota. But if he
should lose Minnesota and
California both, there are still
Oregon, New Mexico and New
Hampshire, with twelve votes,
which would elect him.

BY PERRY ARNOLD (U. P. Staff Correspondent.)

New York, Nov. 8.—President
Wilson was making steady gains
this afternoon in two states—Min-
nesota and California—carrying off
either one of which will make his
election certain.

Regarding these two as doubtful
with New Hampshire, New Mexico
and Oregon, United Press returns
showed Wilson to have already ac-
quired 256 votes in the electoral
college and Hughes 238. The presi-
dent, therefore, requires only ten
votes for re-election.

At Democratic headquarters the
president's managers regarded the
election as already won and began
preparations to celebrate. A band
was hired, Secretary McAdoo dis-
tributed brand new dimes as sou-
venirs and an impromptu parade
passed republican headquarters.

At two o'clock Senator Hollis of
New Hampshire informed Chairman
McCormick that unofficial but com-
plete returns gave that state to Wil-
son by 300 majority.

The republicans were conceding
nothing and sticking to their claims
of Hughes' election.

As goes the presidential election,
so will go control of the national
house of representatives, but
mighty slim control either way.

The next house will have a mem-
bership of three socialists—a gain
of 66 per cent. The three are Vic-
tor L. Berger of Wisconsin, a for-
mer congressman and the first so-
cialist who ever sat in the halls of
congress; W. R. Taylor Gaylord,
also of Milwaukee and Meyer Lon-
don of New York.

PREFER FIRE TO CHURCH.

(By United Press.)
 Fargo, N. D., Nov. 7.—Prohibition North Dakota is on record today as being naughtier North Dakota. It doesn't seem to be worrying Dakotans either. Judge J. A. Coffey, Jamestown, at the state Presbyterian synod openly asserted that if the church bell and fire bell rang at the same time, North Dakotans would go to the fire. Movie shows are not equipped with bells in Dakota, either.

POLICEMAN RESIGNS

The city council was in session last night long enough to allow the usual claims and accept the resignation of Policeman Ross Neary. The council had difficulty in getting a quorum on account of the election. No one has been engaged to take the place of Neary.

ELECTION OF WILSON IS ALMOST ASSURED

Wilson leads Hughes in Minnesota by 7,483.

This is a reduction of over 2,000 votes in Wilson's lead in 410 precincts. If the same loss continued on the vote yet unreported, it would be enough to give Hughes a slight plurality in the state.

When the vote in the 1,029 precincts first announced was reported, Wilson had a lead of nearly 9,000. That was at one o'clock. The vote stood: Wilson, 92,066; Hughes, 83,201.

The first report from 680 precincts gave Wilson a lead of 7,218, with the vote standing 72,587 to 69,369. The St. Paul Daily News, independent, predicts the president will carry the state by a close vote.

RUNS AHEAD IN CALIFORNIA

President Wilson Leads Hughes by Slightly More Than 9,000

(By United Press.)
 Los Angeles, Cal., Nov. 8.—Partial and complete returns from 1,092 precincts in southern California gives Hughes 76,043 and Wilson 65,751.

San Francisco, Cal., Nov. 8.—Registrar of Elections Vanansky announced at 10:45 o'clock that on the face of the returns Wilson had carried San Francisco county by 15,000 to 17,000.

Earlier in the day the democratic state chairman said that the president had been showing greater strength than anticipated in this county and that he believed if the president could carry San Francisco county by 20,000, his victory in the state is uncertain.

At 10:30 o'clock returns from 3,333 out of 5,580 precincts in California gave Wilson a plurality of slightly over 9,000 votes over Hughes. The totals were: Wilson, 250,259; Hughes, 241,079.

In a great many precincts the figures were not complete. The democratic state chairman at this hour reiterated its claim to California for Wilson but declined to estimate his plurality.

Republican State Chairman Rowell again claimed California for Hughes, but put the figures at 6,000 to 8,000. At ten o'clock last night Rowell claimed the state by 49,000 and at 2 a. m. reduced this estimate to 15,000.

DESK FARMERS DON'T LIKE TO MILK JERSEYS ON SUNDAY, THEY SAY.

(By United Press.)
 Minneapolis, Minn., Nov. 8.—Ever since Monday there has been a terrible awful row at Minneapolis university's agricultural school over milking Prof. T. L. Haackler's ten thoroughbred jersey cows on Sunday.

Desk farmers returning to the land via the sheepskin, balked on doing it. One of them said he came to the college to learn to be a better Christian. But the cows must be milked and the authorities have been asked to decide the wrangle once and for all by making a flat rule covering the point.

LEADS TAGGART IN STATE BY OVER 9,000 PLURALITY

Continued from Page 1.

496 for Hughes.
 Returns from 1,671 precincts in the senatorial race gave Watson and New, republicans, good leads over Kern and Taggart, democrats. The results were:

Kern, 191,531; New, 204,475; Taggart, 193,000; Watson, 202,100.
 The vote for governor in 1,717 precincts was: Adair 198,417; Goodrich, 210,700.

Indiana went into the Hughes column when Charles E. Hughes took a lead of about 9,000 over Wilson with returns from nearly two-thirds of the precincts.

The republican state ticket has been elected, according to the best figures by about 10,000 plurality.

Returns at ten o'clock gave the republican candidates for senator a lead of about 7,000.

CROWD SEES RETURNS

Crowds that thronged Main street for almost a half-square in each direction witnessed the election returns furnished last night by the local telephone company. The returns were flashed on a screen in front of the Masonic Temple. It was the first time a service of this kind was ever attempted here and it proved a great success. The warm weather made it possible for the crowd to remain throughout the evening. It was past midnight before the crowd dispersed.

Ben Stuttle of Andersonville was slightly hurt today when the auto he was driving collided with a machine driven by Charles Smelser. The accident occurred just south of the bridge in Main street. The Stuttle machine turned over twice but he was thrown clear of the wreckage.

prosecuting attorney.

Democrats who have held office here since 1912 were completely routed. The sheriff's office held by the democrats for two straight terms was redeemed to the republican, Ezekiel Jones winning over Charles Brown by a plurality of 219. The republicans elected two members of the board of commissioners and after January 1 all three members will be republican. John E. Harrison succeeded William

Moore by reason of defeating Cliff Winship. Harrison had a plurality of 246.

James E. Watson led Thomas Taggart in this county by 421 votes. Watson also ran slightly ahead of the balance of the state ticket.

One of the features of the election was the disappearance of the progressives showing that they have returned to the republican party. The majorities resembled those of years ago. The socialists cast their usual vote. The prohibitionists lost slightly over two years ago. Two years ago the high vote totalled 185 and yesterday this vote fell to 154. This is considered strange coming as it did closely following the visit of J. Frank Hanly, the presidential candidate for this party.

The election of the county ticket was assured early last evening except to the race between Perry O'Neal and Albert Stevens. The precincts reported early. The canvassing board was caught up with its work this morning by five o'clock and would have completed the official count in record time had the officers in charge of precinct No. 2 in Posey township followed the law and the instructions. The count was completed in this precinct at two o'clock this morning and instead of bringing the official vote to the canvassing board as soon as the count was completed the officers waited until the first traction car from Arlington this morning to bring them over. As a result this precinct was not tabulated until 7:30 o'clock this morning.

In the contest for governor in Rush county Goodrich received a total of 2,920 votes and Adair 2,520. Earl Moore, democratic candidate for clerk was defeated by George Moore by a vote of 2,536 to 2,941.

Considerable interest was shown in the contest for county auditor between William McMillin and Charles Bales. McMillin had a plurality of 273 receiving 2,876 votes to 2,603 for Bales. John O. Williams had a plurality of 351 over Cary Jackson in the race for county treasurer. Mr. Williams received 2,900 votes compared with 2,549 for Jackson. Catt for surveyor bent still by a plurality of 462.

IS ARRESTED FOR ILLEGAL VOTING

Charles Lineback, New York Entertainer Who Makes Home in Carthage, is Accused

IS ALLOWED TO VOTE FIRST

The only arrest to mar the election came yesterday at Carthage where Charles Lineback was charged with illegal voting. The charge was preferred by Clyde Henley, democratic challenger at precinct No. 2. Lineback, formerly a resident of New York, has lived in Carthage since the first of May and according to the law was entitled to vote. He registered in Carthage and yesterday when he went to vote was challenged. He voted anyway and was arrested after coming from the polls.

Lineback was turned over to the town marshal, who started to this city with him. While enroute here he met Sheriff Cavitt, who immediately saw that the proper proceedings were not being followed. Lineback was then taken back to Carthage and a charge placed against him in a justice of peace court. He immediately secured bond and the case has not been set for trial. Considerable feeling has been aroused in Carthage over the incident, many claiming that Henley had no case against Lineback. Mr. Lineback is a noted traveler and lecturer and makes his home in Carthage. He lived in Carthage up to the time of taking up his profession.

COMSTOCK IS VICTOR IN 6TH

Continued from Page 1.

Congressman Finly Gray, Comstock's opponent, in 1914 was 3,563. With 211 out of 222 precincts in all but Franklin county heard from, Comstock has a plurality of 1,552. The estimated democratic plurality in Franklin is 650 cutting Comstock's lead to 902.

Comstock carried Wayne, Rush, Henry, Union and Fayette by substantial pluralities and Gray ran ahead in the democratic strongholds of Shelby, Hancock and Franklin counties.

Comstock's vote in Rush county, according to the official tabulation, was 2,930 as against 2,581 for Gray, giving the republican candidate a plurality of 349.

The eleven precincts in Union county (complete) gave a plurality of 139 votes to Comstock.

With 61 out of the 64 precincts in Wayne county counted, Comstock has a plurality of 1,322.

In Henry county, with 25 out of 27 precincts counted, Comstock has a plurality over Gray of 714.

Fayette county, with the 11 precincts all in, gave Comstock a lead of 212 over Gray.

With 39 precincts in and 4 still to be reported, the democratic nominee has a plurality of 590 votes, which will probably reach 650 in Shelby county.

In Hancock county, 26 out of the 27 precincts give Comstock a plurality of 603, which will probably go to 650, over the democratic nominee.

The estimate on Franklin county is that Gray carried it by 650, but the official returns were not expected to be in today.

This is the season of the year when many people instead of starting their furnaces use gas stoves to take off the chill. Not infrequently they use rubber connections and in the majority of cases the stoves are not connected with a flue.

Such an arrangement is dangerous in the extreme. Every year many deaths are reported as a result of just such conditions. Coal gas or water gas contains a large percentage of carbon monoxide and this having little or no perceptible odor may be present without being noticed. There is no warning and unless material having an odor is added to the gas, the victim becomes

NURSE RELIEVES MUCH SUFFERING

The Patient She Helped Makes
Interesting Statement.

Madison, Wis.—Mrs. Oscar Day, of 1606 Monona Ave., Fair Oaks, this town, says: "Before my baby was born, I suffered terribly with womanly troubles and nervousness, and was living in a state of fear all the time. One day, an old friend of mine, who, by the way, is a nurse, and goes around to all cases, brought me a bottle of Cardui, the woman's tonic, and told me to keep on taking it right along. I did, and felt much better after the first bottle. I kept on taking it, and had as little trouble as anybody could wish for. Feeling very good now.

There never was a better medicine for women than Cardui, and I will recommend it to any one who is in need of it. This nurse uses Cardui with her patients, so it is well known all around here.

I am never without a bottle of Cardui in my home."

We urge you to try Cardui, the woman's tonic, for your troubles. It will help you over the hard places, just as it has thousands of other women.

Don't delay. Begin taking Cardui today. You won't regret it. NCB5

A Model Community.

Down among the mountains of Tennessee, high on the Cumberland Table lands, lies the little town of Clifty. It is just a little mining town, peopled by a hardy, industrious set of people, but it is showing to the world how neighbors and friends may "dwell together in unity."

We have said that it is a mining town, but it is more; that the people are hardy and industrious, but they are more; they have the true community spirit—they are real NEIGHBORS.

This little town has conceived and put into force some community plans that might well be copied by other towns. Of course almost every family in the town owns and cultivates its own garden and "truck" patches, but this is not all. A few years ago the mine superintendent, a man of considerable learning and of a progressive spirit, conceived the plan of having all the citizens of the town own and cultivate a small tract of land in common. Five or six acres were first bought and cultivated as a "community farm." The result was a pronounced success, and each year hereafter the town added to its holdings until this past season it had about one hundred acres under cultivation on the "community" plan, and the people announce their intention of branching out still further.

Now there would be nothing out of the common in this if the experiment had not developed some gratifying results.

First, they discovered that instead of fifteen or twenty families (about the number interested in the "community") each having to own and maintain a team, three or four teams were amply sufficient.

Again they discovered that instead of fifteen or twenty sets of agricultural implements being needed, only three or four of each kind were necessary, and of some, only one—a great saving all must admit. Each stockholder bears his pro rata share of expense and furnishes his pro rata amount of labor.

Briefly, the plan has proven such a success that the community now has its own silo, blooded hogs and cattle, and last year their exhibits led all others at their county fair. But these are not all of the results. The close business association necessary in the successful working out of the plans has developed a spirit of community brotherhood that is a pleasure to witness. In this little town is exemplified a typical brotherhood of man. The welfare and comfort of the most humble is as carefully looked after as that of the most wealthy. They have a splendid school, church, Sunday school, and recently a commodious club house has been erected that is proving a power for good to both young men and older ones.

We have briefly sketched the results of this community plan of co-operation as showing what a true community spirit will accomplish. Many features of interest have necessarily been omitted from lack of space. But should any other community desire to know more of their workings, a letter addressed to the postmaster will receive prompt and courteous answer and full information will be given of plans that can not fail to benefit any community.

A great many people fondly imagine that if they are honest, pay their debts, and do not speak disparagingly of other people they are among the mainstays of the town. But such is not always the case. Honesty and a careful mouth are much to be commended, but this town needs more than that. It needs citizens who will go out of their way to DO SOMETHING for the town, who will labor to better local conditions, who will go their

ONE ABOUT NEGRO REBELLION

United States Minister, Recently
Back From There, Tells of
Tales Published.

Washington, Nov. 7.—Many American citizens in Venezuela some months ago received the shock of their lives. They read the news that the late Booker T. Washington was leading a negro rebellion against the U. S. government—that he was even then passing through Richmond, Va., en route to Washington, at the head of an army of 30,000 men.

Americans, after the first shock, recollected the quality of the U. S. "news" received in Venezuela and dismissed the story with a smile. In the same manner they disposed of the report, a week after the Chicago convention, that both had nominated a man named J. M. McKim for president.

Preston McGowan, United States Minister to Venezuela, returning to his post after a vacation here related the incidents in discussing steps necessary to better the understanding between this country and the Latin-American nations.

"News facilities must be improved," he said. "News is the big thing that is going to bring the two continents together for proper political and commercial relations."

"News of the passage of the Adamson 8-hour law and the prevention of the great railway strike had not reached Venezuela Sept. 4, when I left there, and exporters fearful of having their products tied up in American ports, were not shipping their goods."

"The step taken by the United Press in establishing a real exchange of news between North and South America is one that should earn the congratulation of thinking people in every country in this hemisphere. We need to know about South America as badly as South America needs to know about us. The average American has got his views of South America from novels, the movies and tales of comic opera revolution."

He knows nothing of the people themselves.

CANDIDATES WANT DUTY OFF WHEAT

Demands Made to Council of Agriculture For Lower Duty Also on Food Stuffs.

NEW PARTY MAY BE FORMED

(By United Press.)

Winnipeg, Man., Nov. 8.—Abolition of duties on wheat crossing the United States border from Canada, and a lower duty on food stuffs going into the United States, are demanded by the Canadian Council of Agriculture, which opened a three days session here today.

Possibility of forming a farmers' political party will be discussed during the convention, R. McKenzie, secretary of the association, said today.

Such a party would be modeled after the Non Partisan league of North Dakota, which recently swept the state in the Dakota primary. The Dakota league seeks government control of elevators and abolition of speculation in wheat.

An economic unrest in Canada's rural districts is spreading to the towns, and must be met, McKenzie said.

STIMULATES INTEREST.

Missoula, Mont., Nov. 8.—Increasing interest in South America, brought about partly by the United Press opening regular news channels with the southern republics, resulted here in an unprecedented number of students applying for admission to the Spanish language classes. The enrollment was a record-breaker, and it is steadily growing.

FLOUR WEEK TO BE NOV. 20 TO 25

Indiana Millers' Association Designates Week Before Thanksgiving as State Flour Week.

AN APPEAL TO THE WOMEN

They Will be Asked to Use Hoosier Product to See if Claims For It Are Not Well Founded.

In connection with the special advertising in behalf of Indiana Flour, the Indiana Millers' Association has formally designated the week of November 20 to 25, immediately preceding Thanksgiving, as Indiana Flour week.

Although the movement originated with the Committee in charge of the special campaign in behalf of Indiana Flour guaranteed under the now famous "Know Your Flour—Made in Indiana" label, the celebration of Indiana Flour week is not to be limited to the mills that are licensed to use the label but every mill in the State has been invited to co-operate with the special campaign to secure a State-wide observance of Indiana Flour Week.

The mills will observe Indiana Flour Week by special advertising window displays, baking contests, public demonstrations, etc. Women of the state will be urged to try Indiana Flour during Indiana Flour Week and demonstrate for themselves whether it is true that Indiana Flour is equal to any flour for bread and has superior qualities for cakes, pastries, etc.

The bakeries that use Indiana Flour will co-operate with the millers by advertisements of the fact that they use Indiana Flour and they will urge those, who for any reason, do not wish to bake in their own homes, to observe Indiana Flour Week by using their bread, cakes and pastries that have been made with Indiana Flour.

Whether the baking be done in the home or in the public bakery, the women of Indiana will be urged to use Indiana Flour products in celebration of Indiana Flour Week.

ARE INSPECTING STORAGE PLANTS

Pure Food and Drug Department Starts Out Inspectors to Make Investigation.

ALL MUST HAVE A LICENSE

(By United Press.) Indianapolis, Ind., Nov. 8.—Inspectors are touring Indiana today investigating the conditions in cold storage plants over the state under the supervision of Dr. Harry E. Barnard, pure food and drug commissioner.

Following the investigation, a thorough report will be made on the findings, giving in detail the appearances of the buildings; habits of employees and their appearances; and the condition of food stored.

It will also be determined how much food has been stored in each warehouse since Jan. 1, 1916.

There are about fifty licensed cold storage plants operating in Indiana. Any plants found by inspectors to be operating without a license, will be closed if they do not come up to the sanitary requirements; if they do, a license will be granted.

ANNUAL CLASH COMES SATURDAY

DePauw and Wabash Play For Title at Washington Park, Indianapolis

BOTH TEAMS EXPECT BATTLE

Methodists Seek Revenge For Defeat of Last Year—Scarlet Out to Fight.

Indianapolis, Nov. 8.—One of the hardest-fought and best-played football games in Indiana this year will be the annual clash between DePauw and Wabash at Washington Park in this city, next Saturday, Nov. 11.

These two teams will be spurred to their best efforts by a rivalry of 26 years, but, in addition, they will be playing for the championship of the Indiana College Conference, and will make the supreme effort of the year for a victory.

DePauw and Wabash have gone through the season in fine shape each winning every game in its class. Wabash has defeated Hanover, Earlham, Butler and Rose Poly by decisive scores. DePauw has won easily from Franklin, Rose Poly, Butler and Hanover. Therefore the title rests clearly with the winner of the DePauw-Wabash clash next Saturday.

It is expected that fully 10,000 people will see the game. Special trains will be run from Crawfordsville and Greensburg to accommodate the student bodies and the townspeople. The interurbans are expected to bring in a great crowd of friends of both institutions from out in the State.

Last year DePauw lost to Wabash at Washington Park. This year the Old Gold is out to get revenge and among those who have followed the teams record there is a strong belief that the Greensburg team will come out on top. With a new coach and a new spirit, DePauw has developed a real fighting machine. Outside of the Indiana and Purdue games, no other team has been able to score a touch-down on DePauw this year. Wabash has begun to hit its stride and, with a nucleus of last year's great team to build around, Coach Sheets has again developed a team that all Wabash partisans believe will prove the undoing of the Methodists.

In any event it will be a great fight for the championship. There will be real rooting, bands and drum corps and a battle that will be worth going miles to see. The game will be called at 2:30.

FRENCH CULTURE IS IMPORTANT

Difference Between it and That of Germans to be Shown by M. Jules Bois, French Envoy

IS SENT TO UNITED STATES

Will Deliver Lectures at All Universities of East and Will Later Speak in West

BY GEORGE MARTIN (U. P. Staff Correspondent.) New York, N. Y., Nov. 8.—A poll on the French front not long ago told President Poincaré that when the Allies have pushed the Teutons back to the Rhine they will "give the German people a republic."

In the East today is a very husky very earnest, very intense Frenchman with a close-cropped Van Dyke beard who is preparing to travel all over the United States and explain that remark.

M. Jules Bois, the man, is a special envoy of the French government to the United States. His task is to explain the difference, as he sees it, between French and German culture. He said today that the poll's remark was the result of his mental schooling in French culture—"a feminine culture based on love, not a masculine culture based on conquest."

"The teaching of French culture is as important a part of the training of fighting men in the armories of France," said M. Bois, "as is the military drill. I do not know that this is true in your United States, but it might be well."

"The poll's remark epitomized the spirit of French culture. Along with his bayonet and gun he got the idea that he could not use either in attack, but only in honorable defense."

"French culture is a culture for the women, the children and the weak as much as it is for the strong man."

"Every Frenchman who falls upon the battlefields of Europe dies that the ideal of individuality in nations may endure."

Between now and January 1, M. Bois will deliver addresses at all the large universities in the east. After the first of the year a tour of the west, beginning at New Orleans, will be made by him.

LIBRARY TRUSTEES MEET

Joint Meeting Opens in Indianapolis—Several Addresses.

(By United Press.) Indianapolis, Ind., Nov. 8.—The joint meeting of the Indiana Library Trustees association and the Indiana Library association opened here today.

E. J. Llewellyn of Mount Vernon, president of the trustee's association, opened the convention with his annual address this afternoon. Miss Margaret M. Colerick, Ft. Wayne, will open this evening's meeting of the Library association. Vachel Lindsay, tramp poet, will speak on "Photo Plays."

AN AGED WOMAN

Tells How Vinol Made Her Strong

In her eighty-second year Mrs. John Wickersham, of Russellville, Pa., says: "I was in a run-down feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining in flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened run-down system and create strength. Thursday -

Internal dance in K. of P. hall beginning at 8:30. Music by Mitchell orchestra.

Woman's Home Missionary society of the St. Paul's M. E. church, with Mrs. Albert Winship at 602 North Main street in the afternoon.

Ladies Aid society of the St. Mary's Catholic church, with Mrs. Ed Bishop at 710 North Sexton street. Assisting hostess, Mrs. Charles Caron.

Card Club, with Mrs. Jack Knecht at 221 North Harrison street in the afternoon.

The party to be given for the children of the First Presbyterian church on Saturday afternoon has been postponed on account of the measles epidemic.

Earl B. Marlatt will give a lecture-recital tomorrow evening on "Modern Poetry" before the Departmental Club of Indianapolis. The open meeting will be held in the Propylaeum.

Mr. and Mrs. Raymond Gartin entertained the following at a splendid dinner Sunday, Mr. and Mrs. Minor Bell and daughter, Janette, Mr. and Mrs. John Gartin and family and Mr. and Mrs. Omer Gartin.

A good attendance marked the meeting of the Ladies Aid society at the United Presbyterian church held with Mrs. John Cowan at her home in North Jackson street yesterday afternoon. A social period and business meeting kept the ladies busy during the afternoon. Dainty refreshments were served.

While awaiting election returns, a company gathered at the home of Mr. and Mrs. Glen Moor in East Sixth street last evening. Refreshments were served during the evening and the guests included Mr. and Mrs. N. R. Farlow and son, and Mr. and Mrs. Tom Bird and daughter, aside from the members of the family.

Mr. and Mrs. G. D. Hackleman entertained the following guests at an elaborate turkey dinner yesterday at their home in Bentonville: Mr. and Mrs. E. H. Hackleman of Falmouth, Mr. and Mrs. J. W. Hackleman of Fairview, and Mr. and Mrs. Carl Hackleman and Miss Katherine Kehl of this city—(Connersville Examiner.)

The members of the Embroidery Club were pleasantly entertained yesterday afternoon by the Misses Elizabeth and Florene Gronier at their home in North Main street. The social afternoon together was followed by a dinner, for which the ten guests were seated at the dining table which had been prettily arranged. The next regular club meeting will be with Mrs. John Titworth.

Pretty bouquets of chrysanthemums brightened the rooms of the home of Mrs. Laura Phillips when she entertained the members of the W. R. C. Penny Social yesterday afternoon. The 20 members present and 3 visitors entered immediately into the congeniality of the afternoon. A tempting two course luncheon was served. In entertaining the hostess was assisted by Mrs. Eva Offutt, Mrs. Phoebe Phillips, and Mrs. Matilda Worth.

The next meeting will be held the first Tuesday in December with Mrs. Sarah Pearsey when the assisting hostesses will be Mrs. Minnie Moore and Mrs. Mary Wilson.

There was an excellent attendance at the meeting of the Ladies Aid society of the St. Paul's M. E. church held with Mrs. Lon H. Havens at her home in North Main street yesterday afternoon when she was graciously assisted by Mrs. George Havens and Mrs. Emma Havens. The greater part of the business session was given over to the discussion of the penny supper to be held in the church on Wednesday evening of next week. It is to be given by the 1st division of the society. Miss Elgie Thomas and Mrs. D. D. VanOsdol were taken in as new members of the society. Pink and white was carried out in the dainty refreshments that were served.

No day in the year offers an excuse for a more lively and exciting party than election. A great many crowds took advantage of the general flurry of excitement and planned gatherings last evening while awaiting the returns from the election. Right in the center of the crowds, the company of friends gathered in the dress making shop of Mrs. Lola Havens last evening were fortunate. At about 10 o'clock, a luncheon was served and the guests had a gay time during the remainder of the evening. In the party were Mr. and Mrs. Fred Brown, Mrs. Ollie Brown, Mr. and Mrs. Fred Cochran, Mr. and Mrs. Frank Flint, Mr. and Mrs. John Walker, Mr. and Mrs. Will Trennepohl, Mrs. Ed Pittman, Mr. and Mrs. John Worthington, Abe Elrod, Mr. and Mrs. Noley Newkirk, Mrs. Ethel Harroll, Mr. and Mrs. Havens and Mrs. Lula Weeks.

SECRET OF COOKING EGGS IN ANY FORM IS THE TEMPERATURE

There are two culinary horrors—hard, dry, horny scrambled eggs and wet, mushy scrambled, scrambled eggs! But what can be better for supper or luncheon or breakfast than a steaming hot dish of well-seasoned and properly cooked eggs. It is a pleasure both to her who serves and him who eats.

Is there a secret in doing it? Yes the same secret that there is in the cooking of eggs in any form—the secret of temperature.

Let a tablespoonful of butter melt in a skillet (if the pan be of iron so much the better.) The pan must be very hot, because the eggs, and milk just out of the ice-box are cold. When the butter sizzles and before it burns it is time to pour in the egg mixture.

The eggs, usually one for each person to be served, have been beaten thoroughly, almost as though they were to have been used for an omelet. A tablespoonful of milk is added for each egg, and a tablespoonful of chopped parsley. If the family object to parsley, spring a surprise some morning and try spearmint chopped fine. The combination of flavor is delicious. There is another flavor much enjoyed by some. It is the flavor of tarragon.

But even now, having been tactfully seasoned, the eggs may be ruined in the cooking! Let the heat beneath the frying pan be moderate but of a degree that will cause the water to be changed to steam. This will puff up the albumen—meanwhile the heat will coagulate it, and unless the temperature is lowered immediately, the result will be curds and whey! This is invariably caused by too much heat.

Now the usual procedure is to take a kitchen spoon in a tightly clenched fist and stir to produce the scrambled effect! Don't do it! Use your most skilful and gentle touch. Lift the cooked part in large pieces, and let the uncooked liquid part run to the bottom of the pan. Continue this lifting and shifting until the mass is thoroughly heated through and is neither wet nor dry. Remove the eggs carefully to a hot platter, garnish with small sprigs of green, and present immediately to the head of the house.

Confectioner's Icing.

2 tablespoonfuls cream or boiling water, confectioner's sugar, flavoring.

To liquid add enough confectioner's sugar to make of right consistency to spread. Add flavoring. Fresh fruit juice may be used in place of boiling water.

HOWARD BARRETT LOSES TO DOBYNS

Rushville Man is Defeated by Republican Candidate in Joint Senatorial Race

CARRIES ONLY ONE COUNTY

From unofficial figures Lem P. Dobyns of Greensburg, republican, was winner over Howard E. Barrett of this city, democrat, in the contest for the joint senatorship from the counties of Rush, Decatur and Hancock counties. According to figures given out in Greensburg this afternoon, Mr. Dobyns was elected by a majority of 418.

Dobyns carried Rush county by 410 and Decatur county by 378. Barrett carried Hancock county by 379. Decatur county swung back into the republican column yesterday and by giving Dobyns a substantial majority enabled him to win. The total vote on the contest is not available, except in Rush county which was as follows: Dobyns 2,933; Barrett 2,523.

Two years ago while this district was composed of Hancock, Fayette and Rush, Edward Eikman, democrat carried it by 756 votes.

THE DRINKING OF WATER

THE DRINKING OF WATER

(By M. C. LUCAS, M. D.)

The general conclusions of the latest medical scientists proves that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has also been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Therefore if you want to keep healthy drink plenty of pure water (not ice water.) If you ever suffer from backache, lumbago, rheumatism or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anurie before meals. These Anurie tablets can be obtained at almost any drug store in this country.

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood

is filled with uric acid which the kidneys strive to filter out. they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anurie. Because of uric acid in over-abundance in the system, backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica result. Anurie is more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. —(Adv.)

MAY CHANGE TO DIFFERENT FORM

Buenos Aires Considering Going to Commission Form of Government if Bill Passes.

TIRED OF PRESENT SYSTEM

Would Have Municipal Council Elected by the People—Would be Radical Change.

BY CHARLES P. STEWART.
(U. S. Staff Correspondent.)

Buenos Aires, Argentina, Oct. 20. (By Mail).—A proposition is before the Argentine congress to change the Buenos Aires form of government.

Hitherto the city has had a commission government like Washington. The people are tired, however, of having their affairs regulated for them by outsiders. They point out that this management has resulted in piling up one of the largest municipal debts, considering the community's size, in the world. It is also remarked that the attempt to economize, by the unauthorized withholding of percentages of the city employees wage, is resulting in a tire-some series of strikes by the scavengers, grave diggers and other classes of city workers.

The situation is also more irritating from a numerical standpoint than the one in Washington, where a national population of about 100,000,000 dictates arbitrarily to a city of about 350,000, while in Argentina, a total population of approximately 7,000,000 makes local regulations for a capital with a population exceeding 1,500,000.

The new plan, if adopted, will abolish the existing commission in favor of a municipal council, to be elected by the citizens.

A unique feature of the proposal is that it confers the municipal franchise upon foreigners more than 18 years old who have lived in Buenos Aires more than two years if they are married to Argentine women, are parents of Argentine children or pay taxes to a specified amount. The plan even makes them eligible to councillorship above the age of 25.

Furthermore, following the example of the national election law, the idea is to make the exercise of the franchise obligatory.

There is considerable criticism of this clause, disregard of the national compulsory voting law, which provides a penalty of ten pesos or a term of imprisonment upon eligibles who neglect to cast their ballots, having proved so general that the jails would not have held the offenders if they had been prosecuted.

HONEYMOON IS BEING DELAYED

Marriage by Telephone of Soldier on Border and Indiana Girl Has its Drawbacks.

DID NOT POSTPONE EVENT

Seymour, Ind., Nov. 8.—Mrs. Harry Stradley is waiting for her husband to come marching home from the border so they can start on their honeymoon.

Almost a year ago Mrs. Stradley, formerly Miss Elvora Beickman and Harry Stradley had planned to be married in the autumn but when the National Guard was sent to the border, Stradley went with Company K.

As the time set for the wedding drew near and the troops were not sent back from the border, the couple made arrangements to be married over the telephone.

Stradley, with a lawyer as a witness, stepped into a telephone booth at Llano Grande and Miss Beickman and the Rev. Ernest H. Eggers were in the line at Seymour, while the ceremony was performed.

SOUND DEATH KNEEL GLASS MILK BOTTLE

Pennsylvania Health Commission Does Not Like Dangers of Infection That Lurk in it.

RULING IS EXPECTED SOON

(By United Press.)

Harrisburg, Pa., Nov. 8.—The death knell of the glass milk bottle in Pennsylvania has been sounded.

Dr. Samuel G. Dixon, the state commissioner of health, says that "it will have to give way in the near future to the destructible bottle that will never be used a second time.

This is taken to mean that within a few weeks the health department advisory board will rule that the glass milk bottle must go.

Such rulings have all the efforts of statute law.

Commissioner Dixon doesn't like the danger of infection through the promiscuous distribution and gathering of bottles, no matter how cleanly the dairy or creamery may be.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

TWO BIG TEAMS HAVE IMPROVED

Yale and Princeton Come Out of
Kinks This Season—Harvard
Slightly Weaker

OTHER GOOD TEAMS IN EAST

Cornell, Brown and Colgate Loom
up Large This Season, Making
Other Teams Hustle

BY HAMILTON
(U. P. Staff Correspondent.)

New York, Nov. 8.—Yale, Harvard and Princeton are not the only colleges in the east which have football teams, even if the majority of experts the country over do apparently have that opinion. Cornell, Brown, Colgate, and several other colleges are forever battling into the triumvirate and musing things up.

But Yale, Harvard and Princeton consistently have good, strong football teams and they constitute the par excellence of the sport around these parts. The annual clashes of the teams are red letter days on the sports calendar and from the time the final games ring the curtain down football fans are one the trail of these three eleven.

Harvard has held the upper hand for several years, largely through the expert advice of one Percy Haughton, who has put more life and fire and pep into the Crimson eleven than it ever believed it could possess.

But this year seems to be the start of an ascendant of the stars at Princeton and Yale. Yale is getting off to a mighty good start under the tutelage of Tad Jones, and Princeton, in spite of Speedy Rush's loud wails of anguish, is giving a good account of itself.

Yale has a fine backfield in Legore, Bingham and Jacques, and a fine field general to help this trio along in Traver Smith.

Princeton has a good backfield trio, with a fair quarterback in Jack Eddy to help them along. A remarkably good second string quarter is found in Ames. Tibbott is as good a kicker as the east has turned up so far this year.

Harvard, on the other hand, does not seem so strong as in recent previous years when she was wont to walk roughshod over Yale's cohorts. There are no Mahans nor Brickleys. But Haughton has a penchant for rising to emergencies and by the time his big game are due he probably will have a much stronger team in the field than he is now credited with.

Washington, Nov. 8.—One hundred thirty-six miles of the new government Alaskan railroad to connect Seward with Fairbanks—a distance of 466 miles—is now in operation with daily trains running. On the 136 miles, 71 comprise the old Alaskan-Northern railway line, which has been repaired and again put in operation. Sixty-five miles is entirely new.

The Old Alaskan-Northern line ran from Seward to Kern Creek, and was built in 1904—falling into practical disuse during 1908. The new section connects the town of Anchorage, on Cook Inlet, with Matanuska Junction, where a branch line 29 miles long has been run to the Matanuska coal fields. Coal is now being daily hauled from these

The next link in the road—which is not expected to be cut clear through until the Fall of 1919—will be the connecting section between Kern Creek to Anchorage, which, it is hoped by the Government engineers, will be completed next year.

Work is also progressing in the vicinity of Fairbanks where rush work is being done to connect up the town with the adjacent Menana coal field—Fairbanks now facing a fuel shortage.

The estimated cost of the construction of the 466 miles of the main line (including the branch to the Matanuska coal fields) is \$25,642,000. Of this sum \$11,000,000 will have been expended up to the

close of the present fiscal year.

A force of 4000 men is employed on the road, and is considered adequate to complete the line.

Work will progress throughout the winter.

London—More than 870,000 women have been drafted into various trades and occupations since the outbreak of the war.

London—John Henshall, 86, works ten hours and one-half each day making munitions (and walks eight miles to and from work).

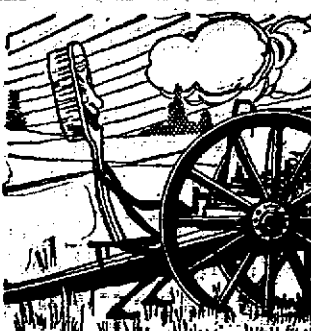

NOW FOR THE PEANUT ROLLING.

Indianapolis, Ind., Nov. 8.—Election bets are being paid off today. After the first rush hours, the people got used to the sight of a wheel-barrow winner in the driver's seat and the loser as the propelling force. Even the sight of a man rolling a peanut down Washington street failed to attract an unusual crowd.

We have made up another lot of scratch pads and are now on sale at the Republican office.

ZEPPELIN BASES ARE ENDANGERED

Those in Belgium and Germany, From Which Raids Have Been Made, Would Become Useless.

SOMME DRIVE IS THE CAUSE

Allies May be Able to Reach Hangars if Wedge is Driven Farther Into Enemy's Line.

BY WILBUR S. FORREST.
(U. S. Staff Correspondent.)
London, Nov. 8.—The great Anglo-French offensive on the Somme in Northern France today has direct bearing on future Zeppelin raids on England.

This hint was given to the United Press today by a British official in a position to know.

If the Anglo-French forces on the Somme drive a wider and deeper wedge into the German line, the entire line must eventually fall back to straighten itself. This would mean that the Allied aerial bases in northern France would also move forward. The natural sequence is that German military and aviation bases both in Belgium and across the Rhine, become from a strategic and military point of view, more legitimate objectives for Allied air squadrons. Hitherto, Allied air forces have been able to make long distance raids, but not heavy ones.

The great Zeppelin hangars in Belgium, including those now under construction and those in Germany from which the present raiding Zeppelins operate, will become practically useless to Germany.

According to expert opinion here it is not illogical to believe that these hangars and their contents, under such conditions, would be a total loss unless the Germans move them to safer places. Safer places in this instance would mean far into the interior of Germany. Thus all present calculations concerning the Zeppelin radius of action, atmospheric conditions and other scientific problems of Zeppelin raids on England would have to be made over again. Even the radius of the great super-Zeppelins would be seriously cut down and the smaller type of airship probably would become wholly useless so far as straining England is concerned.

A recent British communique, detailing a raid by eighty aeroplanes carrying tons of high explosives, gives a further hint of the force which the allies can put into use against Zeppelin lairs within a safe radius of a readjusted Western front.

NURSES GO ON A STRIKE AND LOSE

But it Happens That They Are Men and They Objected to Working Alongside Women.

VOLUNTEERS COME TO AID

(By United Press.)
Buenos Aires, Oct. 15.—(By Mail)—The city authorities today believe they have beaten the strike of nurses in the Buenos Aires municipal hospitals.

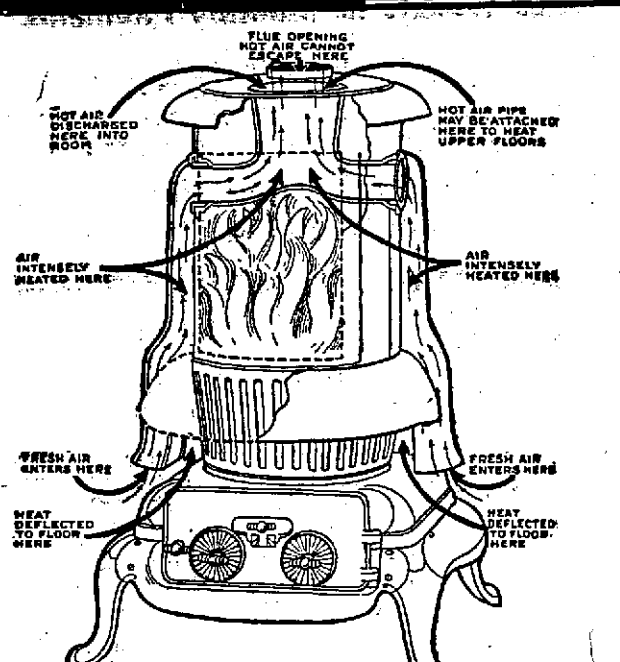

The walkout resulted from the attempt to substitute women for men nurses. It was contended that the former were better than the latter who were gradually being replaced as women were graduated from the local school for nurses. In an effort to compel abandonment of their system, the men nurses struck, leaving 4,645 patients temporarily uncared for.

Sisters of Charity, medical students and other volunteers rallied to the aid of women nurses already in the service and now the city officials say the change from men to women nurses has been made for good, though they were forced to affect it sooner than they had originally intended.

TENER ADMITS LEAGUE IS WEAK

States That His Organization Does Not Put up as Snappy Ball as American.

THE BEST CLUB DID NOT WIN

He Does Not Blame Robinson For Loss of Series But Puts Responsibilities on Players.

BY HAMILTON.
(U. P. Staff Correspondent.)

New York, Nov. 8.—The weakness of the National League brand of baseball as compared with the snappy brand dished out by the American League, pointed out by the United Press in the last World Series, was admitted today by Gov. John K. Tener, President of the National League.

It isn't Wilbert Robinson who is so much to blame for the loss of the World Series, according to Gov. Tener, but is due to the fact that the players who made up the National League club were wholly unable to do the things which might have won ball games. It would have been useless, Tener contends, for Robinson to follow tactics other than the ones he did follow.

The fielding, Governor Tener agrees, was something awful and the Brooklyn club never had a chance against such a grand organization as the Red Sox.

Tener, however, is extremely optimistic and he believes that before the time comes for another world series his league will be strengthened to such an extent that it will give its rival opposition of the sternest sort. Work is now being done, he declares, which will give the National League undoubted strength.

The National League, Tener agreed that there were several clubs in the National League at the close of the last playing season which would have given the world series fans a better run for their money than did the Dodgers. He didn't name these clubs, but it was evident he does not believe the best club in the National League won the pennant.

TRADE IN REAL ESTATE IS LIGHT

Transfers For Last Half of October Reveal That Property Worth \$25,810 Changed Hands.

ALL SALES ARE SMALL ONES

Largest Deal of Period Amounts to Only \$8,300, Amount For 99 82/100 Acres in Union.

That the real estate business was light the last fifteen days, up to the close of last month, is revealed by the transfers in the recorder's office, which shows that the total changing hands amounted to only \$25,810. There were a few sales in which the price paid was withheld. The largest sale of the period was \$8,300, the sum paid for 99 82/100 acres in Union township:

Michael Kelley, to Edwin Kelley, et al, undivided one-third of lot 3 in John Carmichael's Addition to Rushville, \$400.

Van and Carrie McGibbon's to Chester McGibbons, 100 square rods in Orange township, \$1 and other considerations.

Reports from Every State

All Agree that Lydia E. Pinkham's Vegetable Compound Wonderfully Relieves Woman's Suffering.

From all parts of this country the clearest evidence is constantly coming to the office of the Lydia E. Pinkham Medicine Co. of Lynn, Mass., proving the wonderful power shown by Lydia E. Pinkham's Vegetable Compound in controlling ills peculiar to women. Here are letters from Vermont, Arkansas and New Jersey:

It Cured Me!

Roxbury, Vt.—"A year ago last December I was taken with a female trouble and doctored for it but did not get any help until I took Lydia E. Pinkham's Vegetable Compound. My back troubled me a good deal and these troubles lasted so long that I grew terribly poor and I felt a great deal easier lying down. No one knows what I suffered. I did not dare consult another doctor I was so afraid he would say I had got to have an operation. I can truly say that Lydia E. Pinkham's Vegetable Compound was a god-send to me for after suffering about eight months this wonderful medicine cured me."—Mrs. NELLIE E. FRENCH.

Her Best Friend.

Weehawken, N. J.—"I must call you my best friend for what your remedies have done for me. I am 50, and am passing through the Change of Life and for some time I felt bad but since I took Lydia E. Pinkham's Vegetable Compound I feel fine and will recommend it to every woman who suffers as I did."—Mrs. KATHIE LEONHARDT, 419 7th St., Weehawken, N. J.

Had Awful Pains in Side.

Branch, Ark.—"Every month I suffered with cramping pains and I had awful pains in my left side. I was very irregular. I had a tired feeling all the time and did not sleep good at night. I took Lydia E. Pinkham's Vegetable Compound and in three months I was well."—Mrs. MAE GATTIS, Branch, Ark.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
